Interchangeable Film Capacities

(16mm. Standard Model only)

By altering the tray position as indicated in the diagram, numerous alternative capacities are obtained as shown in the table. Smaller Spool Cans will fit larger Spool Can rows in addition to those specifically mentioned, e.g., 2,000 ft. size rows apply equally to 1,600 ft. cans, etc.

System No.	Trays at	Number of Rows (21 Spool Cans per Row)			
1	A.B.E.J.M.N.P.	1 Row 2,000	1 Row 800	4 Rows 400	
2	A.B.E.K.L.N.P.	2 Rows 2,000	1 Row 800	2 Rows 400	
3	A.B.E.K.L.N.O.	2 Rows 2,000	2 Rows 800		
4	A.B.E.K.L.N.P.	2 Rows 2,000	3 Rows 400		
5	A.C.D.H.M.N.P.	3 Rows 800	3 Rows 400		
6	A.E.F.J.M.N.P.	1 Row 2,000	5 Rows 400		
7	A.C.F.J.M.N.P.	1 Row 800	6 Rows 400		
8	A.B.E.K.L.O.P.	3 Rows 2,000	1 Row 400		
9	A.C.D.G.H.M.O.	5 Rows 800			
10	A.C.F.J.M.N.P.	7 Rows 400			

Film Indexing System

(for all models except Wall Racks)

Separate spring clips for each compartment allow identification cards to be affixed opposite each spool can. These identification cards are in glossy white plastic allowing any numbering or titling to be rewritten as desired. Cards can be supplied in different colours engraved to any serial numbers or titles required.

Spring Clips 4/6d. per dozen

White Identification Cards 5/-d. per dozen
(coloured cards available)

Engraved Cards—by quotation.
